

Stage selection

1. Which stage are you applying for?

Response type: Radio buttons

Guidance: Please ensure you have read the "How the fund works - the three stages" section of the guidance before selecting a stage. The remainder of the application form will be tailored to the stage selected and this choice cannot be changed once your application has started.

Privacy notice

2. Privacy notice

Response type: Link

Guidance: If you do not accept the terms of the privacy notice, you should not continue with the application.

3. I agree to the terms in the above privacy notice

Response type: Yes/no

Organisation

4. Organisation name

Response type: Text box

Guidance: Enter the full legal name of your organisation as registered.

5. Organisation registered address

Response type: Label

6. Address line 1

Response type: Text box

7. Address line 2

Response type: Text box

8. Address line 3

Response type: Text box

9. Town

Response type: Text box

10. County

Response type: Text box

11. Postcode

Response type: Postcode

12. Country

Response type: Radio buttons

13. Your org website

Response type: Text box

14. What is your org's VAT number?

Response type: Text box

15. Can you recover VAT from HMRC?

Response type: Yes/no

16. What are the main business activities of your organisation?

Response type: Multi-line text box

Word count: 30 (max)

Guidance: Briefly describe your organisation's main activities and areas of work.

17. Project Director's name

Response type: Text box

Guidance: Provide the name of the individual accountable for the project.

18. Director's telephone number

Response type: Phone number

19. Director's email address

Response type: Email

20. Name of day-to-day project contact

Response type: Text box

Guidance: Provide the name of the individual responsible for delivering the project (e.g. project manager).

21. Their job title

Response type: Text box

22. Telephone number

Response type: Phone number

23. Email address

Response type: Email

24. Name of an alternative contact

Response type: Text box

Guidance: Provide a secondary contact in case the main contact is unavailable.

25. Their job title

Response type: Text box

26. Telephone number

Response type: Phone number

27. Email address

Response type: Email

28. Are you applying with a GBECF eligible partner?

Response type: Yes/no

29. If yes, please provide details of who this partner is.

Response type: Multi-line text box

Word count: 300 (max)

30. Have you, or any parent company, subsidiary or enterprise under common control with the applicant, received public sector funding in the last 3 years?

Response type: Yes/no

Guidance: Include grants, loans, or other funding from government or public bodies.

31. If yes, please provide details.

Response type: List

32. What is the name of the fund or scheme that provided the funding?

Response type: Text box

33. What is the name of the body or government department that provided it?

Response type: Text box

34. How much funding was awarded to you?

Response type: Currency

Guidance: Rounded to the nearest pound.

35. When was the award made?

Response type: Date

36. Please specify any existing conditions from these awards your company is still committed to.

Response type: Multi-line text box

Word count: 250 (max)

37. Are you (the applicant) the legal entity who will own the asset(s), hold contracts of employment and carry out the agreed project activity?

Response type: Yes/no

38. Select the legal structure under which your organisation is registered

Response type: Radio buttons

39. When was your organisation incorporated or established?

Response type: Date

Guidance: Provide the official registration or incorporation date.

40. What is your organisation's registration number?

Response type: Text box

Guidance: Provide the official registration number relevant to your organisation type (e.g. Companies House, FCA Mutuals, Charity Commission).

41. Does your organisation have a defined community or local membership or beneficiary base?

Response type: Yes/no

Guidance: Includes membership organisations, community-led groups, or organisations serving a defined local area or group.

42. Briefly describe your community or beneficiary group.

Response type: Multi-line text box

Word count: 250 (max)

Guidance: Provide a short description of the community served (e.g. geographic area, membership, or target group).

43. Is your organisation community-owned, community-controlled, or publicly controlled?

Response type: Radio buttons

Guidance: Indicate whether the organisation is controlled by a defined community, public body, or private entity.

44. Is your organisation currently subject to insolvency proceedings, administration, or financial distress?

Response type: Yes/no

Guidance: Includes winding-up orders, administration, or similar proceedings.

Project Overview

45. Will the project meet the GBECF requirement for at least 50% legal and financial community ownership when operational?

Response type: Yes/no

Guidance: The community organisation must hold at least a 50% legal and financial ownership interest in the project company or project asset when the project is operational. In the case of a project company, the legal ownership interest requirement means holding at least 50% of the issued share capital and voting rights in the company that will own the project assets. In all cases, the 50% financial interest requirement means being entitled to receive at least 50% of the financial returns generated for the project's owners.

46. Please explain how the project will meet the GBECF requirement for at least 50% legal and financial community ownership when operational.

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Include:

- the ownership structure of the project;
- the community organisation(s) involved;
- the percentage legal ownership and voting rights that will be held;
- the percentage financial interest and entitlement to project returns;
- when ownership will be secured; and
- how ownership will be protected over the operational life of the project.

47. What is your project's primary generation technology?

Response type: Checkboxes

Guidance: Select all applicable technologies.

48. What is the name of this project?

Response type: Text box

Guidance: Maximum 100 characters.

49. Tell us briefly what your project is about.

Response type: Multi-line text box

Word count: 250 (max)

Guidance: Summary of scope and purpose.

50. What is the installed capacity of your project? (KW)

Response type: Integer

51. What is your total generation capacity?

Response type: Integer

52. What is your total storage capacity?

Response type: Integer

53. Is the project being developed as a behind-the-meter or front-of-meter project?

Response type: Radio buttons

Guidance: Behind-the-meter projects primarily supply energy directly to a connected building, organisation or site, reducing energy imported from the grid. Front-of-meter projects primarily export energy to the electricity network for wider distribution. If the project includes elements of both, select the option that best reflects the primary purpose of the project.

Technical & Delivery

54. Describe the technical feasibility of your project.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Include assumptions, constraints, and key risks.

55. How would you describe the level of technical/execution risk?

Response type: Radio buttons

Guidance: Select the most appropriate level of risk.

Low risk

The technology and delivery approach are well established, risks are understood, and there are no significant technical barriers to successful delivery.

Medium risk

Some technical, commercial or delivery risks remain, but they are understood and can be managed through planned mitigation measures.

High risk

The project involves significant technical uncertainty, complex delivery challenges, unproven approaches, or material dependencies that could affect successful delivery.

56. Does your project include any innovative elements?

Response type: Multi-line text box

Word count: 250 (max)

Guidance: Describe any novel or innovative aspects.

57. What is the ownership status of the land or building?

Response type: Radio buttons

Guidance: Select current status.

58. What level of landowner engagement has been secured?

Response type: Multi-line text box

Word count: 250 (max)

Guidance: Describe agreements or support in place.

59. What consents or permits are required?

Response type: Multi-line text box

Word count: 250 (max)

Guidance: List consents and their current status.

60. Is planning permission required?

Response type: Yes/no

61. When was or will planning permission be applied for?

Response type: Date

Guidance: Provide a date or estimate.

62. When do you expect a planning decision (or when was the decision made if planning permission has already been granted)?

Response type: Date

Guidance: Provide expected or actual determination date.

63. What is the current status of planning permission for the project?

Response type: Radio buttons

65. Please upload planning decision notice or supporting evidence

Response type: File

Guidance: Upload the planning decision notice, planning application confirmation, pre-application advice, correspondence with the planning authority, or other evidence showing the current planning position.

66. What is the total investment cost of your project (including any assumed grant)?

Response type: Currency

Guidance: Provide total cost, rounded to the nearest pound. For Stage 1 and Stage 2 applications, provide your best estimate based on the information currently available. For Stage 3 applications, costs should be supported by more detailed evidence such as quotations, cost plans, contractor estimates or professional advice where available.

67. When will the project be fully completed?

Response type: Date

Guidance: Provide the date on which all grant-funded activities are expected to be completed and all project outputs or deliverables are expected to have been achieved.

68. In which region will the project take place?

Response type: Radio buttons

Guidance: Select region or indicate unknown.

69. Do you know the full project site address?

Response type: Yes/no

70. If yes, what is the address?

Response type: Label

Guidance: Provide full address.

71. Address line 1

Response type: Text box

72. Address line 2

Response type: Text box

73. Address line 3

Response type: Text box

74. Town

Response type: Text box

75. County

Response type: Text box

76. Postcode

Response type: Postcode

77. Country

Response type: Radio buttons

78. Are you applying for funding for more than one site?

Response type: Yes/no

79. How many sites are you applying for GBECF funding for?

Response type: Text box

80. Please provide details of any additional sites included within this application for GBECF funding, and explain why funding is being sought for multiple sites.

Response type: Multi-line text box

Guidance: Your response should describe how the additional sites contribute to the project's objectives, whether they form part of a single project or portfolio, and why they are being progressed together. Please provide postcodes for these locations.

81. Does the project involve a land or property transaction?

Response type: Yes/no

82. Who owns the land or property?

Response type: Text box

Guidance: Freehold/leasehold details.

83. Is the purchase by part of a wider group or group director?

Response type: Yes/no

84. Outline the stages of purchase

Response type: Multi-line text box

Word count: 250 (max)

Guidance: Maximum 250 words.

85. Please upload a project plan

Response type: File

Guidance: As a minimum, your project plan should include:

- Key stages and milestones (e.g. feasibility, planning, procurement, construction, commissioning)
- Timeline and delivery schedule, including start and completion dates
- Roles and responsibilities within the project team
- Key dependencies and assumptions (e.g. planning permission, supply chain, funding)
- Critical path activities, where delays could impact delivery
- Outputs and deliverables expected at each stage

Where available, please provide a Gantt chart or similar structured format.

86. What energy and environmental impacts is the project expected to deliver compared with what would happen without the project?

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Provide, where relevant:

- expected annual energy generation and/or energy savings;
- technology and operating model;
- expected operational life;
- energy source and/or displaced energy source;
- baseline or counterfactual scenario;
- estimated greenhouse gas and other environmental impacts;
- methodology, assumptions and evidence; and
- any material environmental risks or adverse effects.

If impacts cannot yet be quantified, explain why and what further work will be undertaken.

88. If this project includes battery storage, how does the battery form an integral part of the associated eligible generation project?

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Include:

- associated generation technology and capacity;
- storage capacity and duration;
- charging source and expected charging profile;
- expected discharge or demand profile;
- control and operating strategy;
- expected network, flexibility or local energy benefits; and
- how environmental benefits have been estimated without double counting benefits attributed to the associated generation asset.

If your project does not include battery storage, please ignore this question.

89. What is the status of the project's grid connection?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Confirm whether a grid connection has been applied for, offered, accepted or secured, and explain any outstanding actions or dependencies.

90. Please provide details of the grid connection arrangements

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Provide details of connection capacity, connection date, milestones, costs, dependencies, constraints and any risks that could affect delivery.

91. Please upload grid connection evidence

Response type: File

Guidance: Upload the grid offer, signed connection agreement, application acknowledgement, correspondence with the network operator, or other relevant evidence.

92. What is the legal basis for access to the project site?

Response type: Radio buttons

Guidance: Confirm how the project has, or expects to secure, legal access to the site, such as freehold ownership, lease, option agreement, licence or other arrangement.

93. Please provide details of land agreements

Response type: Multi-line text box

Word count: 1000 (max)

Guidance: Explain the status of land agreements, any outstanding negotiations, key terms, dependencies, risks and expected completion dates. Include the status of land agreements, outstanding negotiations, key commercial terms, any exclusivity arrangements, rights of first refusal, development rights, competing commercial interests in the site, dependencies, risks and expected completion dates.

94. Please upload supporting legal documentation

Response type: File

Guidance: Upload relevant leases, option agreements, heads of terms, landowner letters, licences, title documents or other evidence of site access.

95. What is the status of contractor procurement?

Response type: Radio buttons

Guidance: Indicate the current procurement stage, including whether contractors have been identified, invited to quote, selected, appointed or contracted.

96. Please describe procurement approach and status

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain how contractors or suppliers have been, or will be, selected, including competition, evaluation criteria, value for money considerations, timelines and risks.

97. Please upload a detailed delivery and construction programme

Response type: File

Guidance: Upload a programme, Gantt chart or equivalent document showing the full delivery route from grant award to completion.

98. Please describe the delivery programme, including key milestones and critical path

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain the main delivery stages, dependencies, critical path, constraints, float and why the proposed timetable is realistic.

Skills & Experience

99. Please describe the skills, experience and qualifications of the team who will deliver this project.

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Include previous project delivery experience, transferable skills, and relevant technical expertise.

100. Please upload CVs or biographies for key personnel involved in the project.

Response type: File

Guidance: Include project leads, trustees, directors, employees or specialist advisers.

101. Please describe how your organisation will govern, oversee and financially manage the proposed grant award.

Response type: Multi-line text box

Word count: 750 (max)

Guidance: Include:

- who will be accountable for the project and management of the grant;
- the governance and oversight arrangements that will apply;
- how key decisions will be made and approved;
- how responsibilities will be allocated within the organisation;
- the role of any project partners or external advisers;
- how expenditure will be authorised, recorded and monitored; and
- how sufficient organisational capacity will be maintained throughout delivery.

Technical Evidence

102. Please upload detailed technical designs and specifications.

Response type: File

Guidance: Include all relevant technical documentation.

Permissions

(Shows if the answer to 'Is planning permission required?' is 'Yes')

103. Please upload planning permission approval or equivalent evidence.

Response type: File

Community Benefits

104. Explain your organisation's connection to the local community.

Response type: Multi-line text box

Word count: 300 (max)

105. Describe your definition of the local community for the purposes of community ownership and community benefit.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain the geographical area and/or beneficiary group which you consider to be your local community and why this is appropriate.

106. Describe ownership and control of the project and its assets.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain who will own and control the project and any associated assets. This should include:

- Who will own the project and assets at completion.
- Governance and voting arrangements.
- Any shared ownership arrangements with third parties.
- How ownership and control will be maintained over time.

107. Describe how you have engaged, or will engage, with the community.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Provide evidence of how the community has been, or will be, involved in the project.

108. What target annual dividend or return to community shareholders has been assumed in the financial model?

Response type: Multi-line text box

Word count: 250 (max)

Guidance: Provide the target annual dividend or return, if applicable, and explain how this has been reflected in the financial model. Please include the assumed rate, timing, conditions for payment, and any sensitivities or risks that could affect whether the dividend is paid.

Community Ownership & Control

109. What percentage community ownership do you expect the project to achieve when operational?

Response type: Percent

Guidance: Provide your best estimate of the final level of community ownership and explain any assumptions if ownership arrangements are still being developed.

110. Please explain how community ownership, control and benefits will be maintained over the lifetime of the project.

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Please detail, for example, details of ownership arrangements, governance structures, voting rights, asset locks where applicable, shareholder agreements, community benefit arrangements, and any circumstances in which the project, assets or ownership stake could be sold, diluted or transferred away from community control.

111. Please upload evidence demonstrating how community ownership, control and benefits will be secured over time.

Response type: File

Guidance: This may include articles of association, governing documents, shareholder agreements, asset lock provisions, community share offer documents, constitutional documents, legal agreements, board papers or other evidence showing how community ownership, control and benefits will be maintained over the lifetime of the project.

Community Benefit Fund

112. Will the project establish or contribute to a community benefit fund?

Response type: Yes/no

Guidance: A community benefit fund is a fund established to provide financial support for community activities, projects or services using revenues or benefits generated by the project.

113. How will the community benefit fund be used?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Describe the types of activities, services or projects the community benefit fund is expected to support. This may include grants to local groups, fuel poverty support, community facilities, education, skills, work experience, local services, or other community programmes.

114. Please describe any wider community programmes or opportunities that will be supported through the community benefit fund.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Include any planned programmes, work experience, training, volunteering, apprenticeships, community outreach, advice services, or other activities intended to deliver wider local benefit. Where possible, describe who will benefit and how the activities will be delivered.

Energy Bill Savings

115. Will your project deliver energy bill savings for local communities, local authorities, public sector organisations or other local beneficiaries?

Response type: Yes/no

116. Please explain who is expected to benefit from any energy bill savings and how these savings will be delivered.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: This may include savings from on-site consumption, private wire arrangements, reduced energy costs, heat supply, tariff arrangements, avoided grid imports or other mechanisms.

117. What is the estimated lifetime value of energy bill savings delivered by the project?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Provide the estimated lifetime value of energy bill savings in pounds (£). Explain how this has been calculated, including assumptions on energy prices, generation, consumption, project lifetime, beneficiary numbers and any escalation or inflation assumptions.

Employment & Skills

118. How many Full-Time Equivalent (FTE) jobs are expected to be supported during construction?

Response type: Integer

Guidance: Include direct construction, installation and project delivery roles.

119. How many Full-Time Equivalent (FTE) operational jobs are expected once the project is operational?

Response type: Integer

Guidance: Include ongoing roles associated with operating, maintaining and administering the project.

120. What percentage of jobs associated with the project are expected to be paid roles?

Response type: Percent

Guidance: Calculate as a percentage of all jobs supported by the project, including both paid and voluntary positions.

121. What percentage of jobs associated with the project are expected to be voluntary roles?

Response type: Percent

Guidance: Calculate as a percentage of all jobs supported by the project, including both paid and voluntary positions.

122. What percentage of construction jobs are expected to be filled by people living within the local area of the project?

Response type: Percent

Guidance: Provide your best estimate.

123. What percentage of operational jobs are expected to be filled by people living within the local area of the project?

Response type: Percent

Guidance: Provide your best estimate.

124. Please explain how the job estimates have been calculated.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain the methodology and assumptions used to estimate the number of jobs supported by the project. This may include benchmarking against similar projects, contractor estimates, staffing plans, economic modelling, industry guidance or other evidence.

Capital

125. What would happen without GBECF funding?

Response type: Radio buttons

Guidance: Explain whether the project would proceed, be delayed, reduced in scale, become financially unviable, or lose community ownership, community control or community benefits without the grant.

126. Please explain and provide evidence to support your answer.

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Please describe the impact that the absence of GBECF funding would have on the project's scale, timing, delivery model, community ownership, community control and community benefits. This could include project timelines, planning milestones, grid connection offers and expiry dates, board decisions, alternative delivery scenarios, cost estimates for a reduced-scope project, community share offer documentation, funding offers, funding refusals, lender correspondence, investor discussions, or other evidence demonstrating how the project would differ without GBECF funding.

127. Please provide evidence that the requested GBE funding is required to deliver the project at the proposed scale and timeframe, and that the funding gap could not reasonably be met through alternative sources on equivalent terms or timescales.

Response type: File

Guidance: Upload evidence supporting your response, such as board papers, financial models, funding applications, funding offers or rejections, lender correspondence, investor correspondence, project business cases, community share documentation, project programmes or other relevant evidence.

128. Please upload a full financial model

Response type: File

Guidance: Upload the financial model showing capital costs, operating costs, revenues, financing assumptions, grant requirement, sensitivities and outputs.

129. What is the proposed operating model once the project is operational?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Describe how the asset will be operated and managed once commissioned. Include governance arrangements, operational responsibilities, decision-making processes, performance monitoring arrangements, and the roles of any project partners or third parties.

130. Who will be responsible for operating and maintaining the asset?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain whether operations and maintenance activities will be managed in-house, outsourced to third parties, or delivered through a combination of both. Please describe the responsibilities of each organisation involved.

131. What operational activities will be delivered in-house and which will be outsourced?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: This may include asset management, performance monitoring, maintenance, billing, customer service, route-to-market arrangements, compliance, reporting and financial administration.

132. What experience does the organisation have in operating and managing similar assets?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: If operations will be managed in-house, describe the relevant experience, qualifications and capability of staff, directors, members or advisers responsible for operating the asset. If operations will be outsourced, describe how contractors will be selected and managed.

133. What is the project's route-to-market strategy?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain how the project will generate income once operational. This may include power purchase agreements, private wire arrangements, on-site consumption, export to the grid etc.

134. What is the total project cost and funding gap?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Provide the total project cost, funding already secured, funding still required, and the remaining gap as both a £ value and percentage of total cost.

135. Please set out the contingency allowances included in the project budget and timetable

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Provide the cost and schedule contingency included, explaining the percentage, monetary value, time allowance, what risks it covers and why it is proportionate.

136. What are the project IRR, NPV and payback period?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Provide the project's internal rate of return, net present value and payback period, showing figures both with and without grant funding where possible.

137. What load factor has been assumed for the project?

Response type: Percent

Guidance: Provide the expected load factor (capacity factor) used within your generation forecasts and financial model.

138. What are the key financial risks and sensitivities?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Identify the main financial risks and sensitivities, such as cost increases, revenue changes, generation performance, interest rates, inflation or delays.

139. How has inflation been accounted for?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain the inflation assumptions used in the budget and financial model, including any indexation, price validity periods or contingency provision.

140. How will cashflow be managed during construction?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Describe how the applicant will manage cashflow, defrayal requirements, payment timing, working capital, bridging finance and liquidity during construction.

141. What upfront capital is available?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Confirm what reserves, loans, committed funding, bridging finance or other resources are available to meet upfront costs before grant reimbursement.

142. How has procurement been undertaken?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Describe the procurement process used to date, including market testing, quotes, competition, selection criteria, conflicts of interest and decision-making.

143. How have you assessed whether the project represents value for money?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Please explain how you have determined that the proposed costs are reasonable, proportionate and necessary to deliver the project outcomes.

144. What is the legally binding ownership structure?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Describe the legal ownership model for the asset or project, including any SPV, shareholding, member control, partner rights and governance arrangements.

145. What percentage of community ownership will be secured at financial close?

Response type: Percent

Guidance: State the confirmed percentage of community ownership expected at financial close and explain how this will be legally secured.

146. How will community control be exercised?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain the governance, voting rights, board representation, member powers or other mechanisms that give the community meaningful control.

147. Please upload supporting ownership documentation

Response type: File

Guidance: Upload legal agreements, draft or final articles, shareholder agreements, SPV documents, community share documents or other evidence of ownership arrangements.

148. How will benefits target disadvantaged groups?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Identify which disadvantaged or under-represented groups will benefit and explain how the project will reach, prioritise or support them.

149. How will benefits be monitored and reported?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Set out the indicators, reporting process, evidence sources and frequency that will be used to monitor and report community benefits.

150. How do the demographics of the local area support the need for this project?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Please provide relevant local demographic and socioeconomic information, such as deprivation, fuel poverty, income levels, employment, rurality, housing, health outcomes, age profile or other indicators that demonstrate local need and explain how the project's benefits are targeted towards this community.

151. Which groups will benefit most and why?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Explain which groups are expected to benefit most from the project and how this reflects local need, engagement findings and project design.

152. What are the risks of unequal benefit distribution?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Identify any risks that benefits may not reach intended groups or may be unevenly distributed, and explain how these risks will be mitigated.

153. What commercial or concessional debt has the project sought, been offered, or could reasonably obtain?

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Provide details of:

- lenders approached;
- amounts sought and offered;
- interest rates and fees;
- tenor;
- security and covenant requirements;
- repayment profile;
- required debt service coverage ratios;
- reasons for any refusal or reduced offer;
- debt capacity supported by the financial model; and
- why additional debt could not reasonably reduce the amount of GBECF funding requested.

Match Funding

154. Please provide details of all match funding secured or being pursued, and provide evidence of this.

Response type: File

Guidance: Include source, amount and funding status.

Download the match funding template (opens in new tab) (/Downloads/GBECF/GBECF Stage 3 Match Funding Template.xlsx) and save it locally. Complete the template then upload it, alongside any supporting evidence.

155. What is the total value of additional funding that will be secured or unlocked as a result of receiving GBE funding?

Response type: Currency

Guidance: Include any grants, loans, investment, community share offers, or other funding that is contingent on, enabled by, or expected to follow receipt of GBE funding.

Funding Requirement

156. How much grant funding are you applying for?

Response type: Currency

Guidance: Enter the total amount of GBECF grant funding you are requesting, rounded to the nearest pound. This should be the amount required from GBECF only and should align with the project cost breakdown provided elsewhere in the application.

157. Please provide a breakdown of project costs and proposed use of grant funding, and provide evidence of this

Response type: File

Guidance: Provide a breakdown of anticipated project expenditure by cost category. This should include the amount requested from GBECF, any match funding, and other funding sources. For example: feasibility studies, technical assessments, legal costs, planning and permitting, community engagement, project management, capital equipment, installation costs and other project expenditure.

Please upload evidence for project costs e.g. quotes from suppliers.

Download the costs template (opens in new tab) (/Downloads/GBECF/GBECF Expenditure Table.xlsx) and save it locally. Complete the template then upload it.

159. Will you be able to defray (funds have left your bank account) sufficient funds to draw down the grant requested by the programme/scheme end date?

Response type: Yes/no

Guidance: Scheme end date - March 2028.

160. What is the minimum amount of GBECF funding required to deliver the proposed activity?

Response type: Multi-line text box

Word count: 350 (max)

Guidance: Explain whether the proposed activity could proceed with a lower level of GBECF funding and, if so, what would change. Your response should describe:

- the minimum viable scope of the proposed activity;
- whether delivery would be delayed, reduced or otherwise changed at lower funding levels;
- any activities or outputs that would be removed or scaled back; and
- why the amount requested represents the minimum level of funding reasonably required to deliver the intended outcomes.

161. If applicable, please distinguish between activities that have already been completed, activities currently underway, and the new activities for which GBECF funding is requested.

Response type: Multi-line text box

Word count: 350 (max)

Guidance: Describe if relevant:

- any relevant work already completed;
- any work currently underway;
- if the GBECF funding applied for is for new activities; and
- how the proposed activities will help the project progress to the next stage of development, investment decision, construction milestone or operational outcome, as applicable.

If the project has previously received public funding, explain how the proposed activities are distinct from, and additional to, activities that have already been funded.

Funding cannot be used for completed work, expenditure already incurred, or activities that duplicate work previously supported through public funding. Confirm that the activities for which funding is requested meet these requirements. Where relevant, explain any financial, capacity or participation barriers affecting the community's ability to develop the project and how the proposed grant funding would help overcome those barriers.

162. Have you entered into any contract, purchase order, appointment, financing commitment or other legally binding arrangement relating to the activities or costs included in this application?

Response type: Multi-line text box

Word count: 350 (max)

Guidance: Please include any contracts, consultant appointments, supplier orders, financing arrangements, land agreements or other legally binding commitments relating to the activities or costs for which funding is being sought. Please state if this does not apply to your application.

163. When will investment in the project start (or likely to start)?

Response type: Date

Guidance: By investment, meaning formal commitment to proceed, entering contracts, appointing suppliers/contractors, or making final investment decision.

164. When will investment in the project end (or likely to end)?

Response type: Date

165. When will the investment decision be made?

Response type: Date

Financial Evidence

166. Can you provide your organisation's (the applicant) signed and audited (if applicable) accounts for the previous three years?

Response type: Yes/no

167. If yes, please upload these accounts.

Response type: File

168. If no, please explain why not.

Response type: Multi-line text box

Word count: 50 (max)

169. Can you provide your immediate Parent company's signed and audited (if applicable) accounts for the previous two years?

Response type: Yes/no

170. If yes, please upload these accounts.

Response type: File

171. If no, please explain why not.

Response type: Multi-line text box

Word count: 50 (max)

172. Does your org belong to a Group?

Response type: Yes/no

173. Can you provide your Group's signed and audited (if applicable) accounts for the previous two years?

Response type: Yes/no

174. If yes, please upload these accounts.

Response type: File

175. If no, please explain why not.

Response type: Multi-line text box

Word count: 50 (max)

176. Please provide bank account details for which the grant will be paid into.

Response type: Label

177. Account name

Response type: Text box

178. Sort code

Response type: Text box

Guidance: Enter the number without any spaces or hyphens.

179. Account number

Response type: Text box

Procurement

180. Please summarise your responsible sourcing strategy.

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Including:

- Indication of suppliers
- The region of origin for proposed supply chain (if known)
- Rationale for selecting suppliers
- Any other relevant detail.

181. Please summarise your social value strategy and commitments.

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Including:

- How you could approach social value and any possible commitments you have already made in this regard
- Consideration of how the community (and community voices) have been, or will be, involved in the

project

- How you would consider affordability, access, and distribution of benefits from the project, including how the project benefits local communities and under-represented or disadvantaged groups
- Any plans to create local jobs, entry-level positions (for example apprenticeships), implement skills and education initiatives, skills, or provide opportunities for local supply chain actors.

182. Please summarise your environmental sustainability strategy.

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Including:

- Consideration of opportunities to reduce energy use and carbon emissions in project design, delivery and operations
- Potential to increase the use of recycled materials where appropriate
- Any other relevant considerations.

Delivery Risks

183. Do you, or the main funding recipient have a credit rating?

Response type: Yes/no

184. Please identify any other key uncertainties associated with the successful delivery of the project

Response type: Multi-line text box

Word count: 300 (max)

185. Please upload risk assessment

Response type: File

Guidance: Your risk assessment should demonstrate that you have identified, assessed, and mitigated key risks to successful delivery.

As a minimum, your submission should include:

- A risk register identifying key risks across:
 - Technical and delivery risks
 - Planning and consenting risks
 - Financial and funding risks
 - Supply chain and procurement risks
 - Governance and capability risks

For each risk, include:

- Risk description
- Likelihood and impact rating
- Mitigation measures in place
- Residual risk after mitigation
- Risk owner

- Commentary on any critical or high-rated risks, including how these will be actively managed

186. Please summarise the principal construction and delivery risks

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Identify the main construction and delivery risks, their likelihood and impact, proposed mitigations, ownership and expected residual risk.

187. Please upload a health and safety management plan for the project.

Response type: File

Guidance: Your health and safety management plan should explain how health and safety will be managed during project delivery, including roles and responsibilities, contractor management, site arrangements, risk controls, reporting, escalation and compliance with relevant legal duties.

188. Have any assurance reviews been completed for this project?

Response type: Yes/no

Guidance: This may include technical, financial, delivery, governance, procurement, health and safety or investment assurance reviews.

189. Please upload any assurance review reports relevant to the project.

Response type: File

Guidance: Upload any independent, internal or external assurance review reports that have been completed for the project. This may include technical, financial, delivery, governance, procurement, health and safety, or investment assurance reviews.

190. If no assurance reviews have been completed, please explain why and whether any assurance reviews are planned.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Provide details of why assurance reviews have not yet been undertaken, whether any reviews are planned, the expected timing, and the scope of any planned assurance activity.

191. Please upload your organisation's health and safety policy or declaration.

Response type: File

Guidance: Upload your organisation's current health and safety policy. If you do not have a formal policy, please provide a signed declaration explaining how health and safety responsibilities will be managed for the project.

Project Management

192. How will you monitor progress, evaluate success and capture learning throughout the project?

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Include reporting arrangements, outputs and lessons learned.

193. Please confirm that you will participate in shared learning activities with other GBECF projects.

Response type: Yes/no

Guidance: Participation may include case studies, events or sharing lessons learned.

194. Please confirm that you will complete and provide a project case study if requested by GBE.

Response type: Yes/no

Guidance: Case studies will be proportionate to the funding received.

195. Please confirm that you will provide future monitoring information for up to 5 years to support evaluation of the programme.

Response type: Yes/no

Guidance: This may include generation, carbon savings, community benefits and project outcomes.

Subsidy Control

196. This section of the online application form will ask you questions relating to Subsidy Control and the Windsor Framework.

We may require additional information from you in relation to Subsidy Control during the appraisal of your application. You will be asked to confirm if you are a project applicant who is conducting activities that will affect trade of goods or the electricity market between Northern Ireland and the EU.

Your responses to questions relating to Article 10 of the Windsor Framework will help to determine if you fall within the scope or out of scope of the Framework.

Response type: Label

197. Does your enterprise trade in goods or wholesale electricity?

Response type: Yes/no

198. Once you have saved this answer, you will be required to answer additional questions.

Response type: Label

199. If you are a service provider, is this service specifically tailored to the needs of a particular company or a sector that trades in goods in Northern Ireland?

Response type: Yes/no

Guidance: If you are unclear on this or would like further support, see Section 4 - Application of Article 10(1) to services ("servitisation") of the Guidance on the scope and application of Article 10 of the Windsor Framework (opens in new tab) (<https://www.gov.uk/government/publications/complying-with-the-uks-international-obligations-on-subsidy-control-guidance-for-public-authorities/guidance-on-the-scope-and-application-of-article-10-of-the-windsor-framework>).

200. Once you have saved this answer, you will be required to answer additional questions.

Response type: Label

201. Your enterprise has been identified as likely to be outside of the scope of the Windsor Framework.

Response type: Label

202. Is your enterprise (i.e. the legal entity seeking the subsidy) incorporated and registered in Northern Ireland?

Response type: Yes/no

203. Your enterprise has been identified as potentially in scope of the Windsor Framework. GBE will assess this further if your application is successful.

Response type: Label

204. Is the maximum estimated value of the subsidy greater than:

- £3 million if you are a Small or Medium Enterprise as defined in Section 465 of the Companies Act 2006. A Small or Medium Enterprise will meet two or more of the following requirements:**
- Turnover of not more than £36 million**
- Balance sheet total of not more than £18 million**
- Not more than 250 employees**

- £10 million for any other enterprise

Response type: Yes/no

205. Your enterprise has been identified as likely to be outside of the scope of the Windsor Framework.

Response type: Label

206. Does your enterprise currently have (or will the subsidy result in) 10% or more of the market share in Northern Ireland?

Response type: Yes/no

207. Your enterprise has been identified as likely to be outside of the scope of the Windsor Framework.

Response type: Label

208. If you trade goods or wholesale electricity into Northern Ireland, are those sold below market price, or at different market conditions?

Response type: Yes/no

209. Your enterprise has been identified as potentially in scope of the Windsor Framework. GBE will assess this further if your application is successful.

Response type: Label

210. Does your enterprise - and any active subsidiaries or parent company - have locations (i.e. some form of physical presence) in Northern Ireland? This does not include back-office functions (such as human resources, IT services, accounting etc.).

Response type: Yes/no

211. Has your enterprise implemented appropriate ringfencing arrangements to prevent the economic benefit passing through to your Northern Ireland operations? Ringfencing

arrangements to evidence that the benefit is not passing through might include transfer pricing, separate accounting, separation of entities or a combination of these methods.

Response type: Yes/no

212. Your enterprise has been identified as likely to be outside of the scope of the Windsor Framework.

Response type: Label

213. Please provide further information on ringfencing arrangements.

Response type: Multi-line text box

Word count: 250 (max)

214. Your enterprise has been identified as potentially in scope of the Windsor Framework. GBE will assess this further if your application is successful.

Response type: Label

215. Does your enterprise plan to have locations in Northern Ireland in the future?

Response type: Yes/no

216. Has your enterprise implemented appropriate ringfencing arrangements to prevent the economic benefit passing through to your Northern Ireland operations? Ringfencing arrangements to evidence that the benefit is not passing through might include transfer pricing, separate accounting, separation of entities or a combination of these methods.

Response type: Yes/no

217. Your enterprise has been identified as likely to be outside of the scope of the Windsor Framework.

Response type: Label

218. Please provide further information on ringfencing arrangements.

Response type: Multi-line text box

Word count: 250 (max)

219. Your enterprise has been identified as potentially in scope of the Windsor Framework. GBE will assess this further if your application is successful.

Response type: Label

220. Your enterprise has been identified as likely to be outside of the scope of the Windsor Framework.

Response type: Label

Previous Funding

221. Has the applicant, project, project company, partner or any connected enterprise previously received or been awarded public financial assistance for this project, a related project, the same site, the same asset, or a substantially similar activity?

Response type: Yes/no

Guidance: Include grants, loans, guarantees, equity investments, tax advantages and other forms of public financial assistance.

222. Please provide details of all previous public financial assistance.

Response type: Multi-line text box

Word count: 500 (max)

Guidance: For each award provide:

- beneficiary;
- funding body;
- scheme;
- award date;
- amount and form of support;
- funded project, site, activity and costs;
- whether the award has been fully spent;
- outputs delivered;
- relationship to this application;
- whether any of the same costs are included in this application; and
- any continuing conditions or obligations.

223. Does this application include activity that repeats, updates, replaces, or builds upon work that has previously been funded or completed?

Response type: Yes/no

Guidance: Consider whether the proposed activity relies on, extends or revisits previous work.

224. Why is the proposed work necessary and additional?

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Explain:

- the earlier work and its funding source;
- whether it was completed to the required standard;
- what has materially changed;
- why an update, extension or further phase is necessary;
- why the new scope could not reasonably have been included previously;
- which elements are genuinely new;
- and how duplication of funding or activity will be avoided.

Beneficiaries

225. Will any organisation or enterprise other than the applicant receive funding or another material economic benefit from the project?

Response type: Yes/no

Guidance: Consider all organisations involved in project ownership, delivery, operation or financing.

226. Please identify all organisations or enterprises that may receive funding or another material economic benefit from the project.

Response type: Multi-line text box

Word count: 500 (max)

Guidance: Include where applicable:

- the applicant and grant recipient;
- asset owner;

- project company or SPV;
- parent companies, subsidiaries and enterprises under common control;
- shareholders, members and investors;
- commercial developers;
- landowners;
- delivery partners;
- connected suppliers or contractors; and
- any party receiving intellectual property rights, exclusivity, project rights, reduced capital exposure, favourable services or other non-cash benefits.

For each organisation, describe its role, ownership relationship, contractual relationship, benefits received and how relevant terms have been or will be established at market value. Where the organisation is connected to the applicant, project company or another project participant, also describe the nature of the connection, any proposed contractual arrangements, the expected value of any payments or benefits, how the organisation was selected, any market evidence used to support the arrangement, and any measures in place to manage conflicts of interest.

Equality

227. Do you believe that the project or its outcomes will have a disproportionate positive or negative impact on certain people or groups based on the following?

Response type: Label

228. Age

Response type: Yes/no

229. If yes, please describe the impact or impacts (positive or negative) that the project is expected to have, the group or groups which may be affected, and the steps (if applicable) that will be taken to mitigate any negative impact.

Response type: Multi-line text box

Word count: 250 (max)

230. Disability

Response type: Yes/no

231. If yes, please describe the impact or impacts (positive or negative) that the project is expected to have, the group or groups which may be affected, and the steps (if applicable) that will be taken to mitigate any negative impact.

Response type: Multi-line text box

Word count: 250 (max)

232. Gender reassignment

Response type: Yes/no

233. If yes, please describe the impact or impacts (positive or negative) that the project is expected to have, the group or groups which may be affected, and the steps (if applicable) that will be taken to mitigate any negative impact.

Response type: Multi-line text box

Word count: 250 (max)

234. Marriage or civil partnership

Response type: Yes/no

235. If yes, please describe the impact or impacts (positive or negative) that the project is expected to have, the group or groups which may be affected, and the steps (if applicable) that will be taken to mitigate any negative impact.

Response type: Multi-line text box

Word count: 250 (max)

236. Pregnancy and maternity

Response type: Yes/no

237. If yes, please describe the impact or impacts (positive or negative) that the project is expected to have, the group or groups which may be affected, and the steps (if applicable) that will be taken to mitigate any negative impact.

Response type: Multi-line text box

Word count: 250 (max)

238. Race

Response type: Yes/no

239. If yes, please describe the impact or impacts (positive or negative) that the project is expected to have, the group or groups which may be affected, and the steps (if applicable) that will be taken to mitigate any negative impact.

Response type: Multi-line text box

Word count: 250 (max)

240. Religion and belief

Response type: Yes/no

241. If yes, please describe the impact or impacts (positive or negative) that the project is expected to have, the group or groups which may be affected, and the steps (if applicable) that will be taken to mitigate any negative impact.

Response type: Multi-line text box

Word count: 250 (max)

242. Sex

Response type: Yes/no

243. If yes, please describe the impact or impacts (positive or negative) that the project is expected to have, the group or groups which may be affected, and the steps (if applicable) that will be taken to mitigate any negative impact.

Response type: Multi-line text box

Word count: 250 (max)

244. Sexual orientation

Response type: Yes/no

245. If yes, please describe the impact or impacts (positive or negative) that the project is expected to have, the group or groups which may be affected, and the steps (if applicable) that will be taken to mitigate any negative impact.

Response type: Multi-line text box

Word count: 250 (max)

Convictions

246. Please indicate if, within the past five years you, your organisation or any other person who has powers of representation, decision or control in the organisation has been convicted anywhere in the world of any of the offences below.

Response type: Label

247. Participation in a criminal organisation

Response type: Yes/no

248. If yes, please provide further details.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: This should include: Date of conviction and the reasons for conviction, identity of who has been convicted. If the relevant documentation is available electronically please provide the web address, issuing authority, precise reference of the documents.

249. Have measures been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion?

Response type: Yes/no

250. Corruption

Response type: Yes/no

251. If yes, please provide further details.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: This should include: Date of conviction and the reasons for conviction, identity of who has been convicted. If the relevant documentation is available electronically please provide the web address, issuing authority, precise reference of the documents.

252. Have measures been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion?

Response type: Yes/no

253. Fraud

Response type: Yes/no

254. If yes, please provide further details.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: This should include: Date of conviction and the reasons for conviction, identity of who has been convicted. If the relevant documentation is available electronically please provide the web address, issuing authority, precise reference of the documents.

255. Have measures been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion?

Response type: Yes/no

256. Terrorist offences or offences linked to terrorist activities

Response type: Yes/no

257. If yes, please provide further details.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: This should include: Date of conviction and the reasons for conviction, identity of who has been convicted. If the relevant documentation is available electronically please provide the web address, issuing authority, precise reference of the documents.

258. Have measures been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion?

Response type: Yes/no

259. Money laundering or terrorist financing

Response type: Yes/no

260. If yes, please provide further details.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: This should include: Date of conviction and the reasons for conviction, identity of who has been convicted. If the relevant documentation is available electronically please provide the web address, issuing authority, precise reference of the documents.

261. Have measures been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion?

Response type: Yes/no

262. Child labour or other forms of trafficking in human beings

Response type: Yes/no

263. If yes, please provide further details.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: This should include: Date of conviction and the reasons for conviction, identity of who has been convicted. If the relevant documentation is available electronically please provide the web address, issuing authority, precise reference of the documents.

264. Have measures been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion?

Response type: Yes/no

265. Has it been established, for your organisation by a judicial or administrative decision having final and binding effect in accordance with the legal provisions of any part of the United Kingdom or the legal provisions of the country in which the organisation is established

(if outside the UK), that the organisation is in breach of obligations related to the payment of tax or social security contributions?

Response type: Yes/no

266. If yes, please provide further details.

Response type: Multi-line text box

Word count: 300 (max)

267. Have you paid, or entered into a binding arrangement with a view to paying, the outstanding sum including where applicable any accrued interest and/or fines?

Response type: Yes/no

268. Please indicate if, within the past three years, anywhere in the world any of the following situations have applied to you, your organisation or any other person who has powers of representation, decision, or control in the organisation.

Response type: Label

269. Breach of environmental regulations

Response type: Yes/no

270. If yes, explain what measures have been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion.

Response type: Multi-line text box

Word count: 300 (max)

271. Breach of social obligations

Response type: Yes/no

272. If yes, explain what measures have been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion.

Response type: Multi-line text box

Word count: 300 (max)

273. Breach of labour laws

Response type: Yes/no

274. If yes, explain what measures have been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion.

Response type: Multi-line text box

Word count: 300 (max)

275. Bankrupt or is the subject of insolvency or winding-up proceedings, where the organisation's assets are being administered by a liquidator or by the court, where it is in an arrangement with creditors, where its business activities are suspended or it is in any

analogous situation arising from a similar procedure under the laws and regulations of any State

Response type: Yes/no

276. If yes, explain what measures have been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion.

Response type: Multi-line text box

Word count: 300 (max)

277. Entered into agreements with other organisations aimed at distorting competition

Response type: Yes/no

278. If yes, explain what measures have been taken to demonstrate the reliability of the organisation despite the existence of this relevant ground for exclusion.

Response type: Multi-line text box

Word count: 300 (max)

Conflicts of Interest Declaration

279. Are you aware of any actual, potential, or perceived conflicts of interest relating to this application, the project, its delivery, procurement activities, funding arrangements, or any organisations or individuals involved?

Response type: Yes/no

Guidance: A conflict of interest may arise where an individual or organisation has private, financial, professional, or personal interests that could influence, or be perceived to influence, decisions related to the project.

280. If yes, please provide details and explain how the conflict is being managed.

Response type: Multi-line text box

Word count: 300 (max)

Guidance: Include details of the conflict, the individuals or organisations involved, and any measures in place to manage or mitigate the risk.

281. I declare that all actual, potential, or perceived conflicts of interest relevant to this application have been disclosed.

Response type: Yes/no

Guidance: Applicants must notify GBE promptly if any new conflicts of interest arise during the assessment or delivery of the project.

Grant Declaration

282. I confirm that the expenditure included in this application relates solely to eligible project activities. The application does not seek funding for ordinary operational expenditure, general organisational overheads, routine functions, business-as-usual activities, or activities that would be undertaken in substantially the same form without GBECF funding. I further confirm

that the application does not seek funding for costs that have already been completed, incurred, paid or unconditionally committed.

Response type: Yes/no

Sign off

283. Please fill in the information below before submitting the application.

Response type: Label

284. Name

Response type: Text box

285. Position

Response type: Text box

286. I have completed all parts of the form.

Response type: Yes/no

287. I declare that all the information I have provided in this form is correct to the best of my knowledge.

Response type: Yes/no

288. I am authorised to submit this form on behalf of my organisation.

Response type: Yes/no
